

I received a letter from Dick Jenkins, president of K-Love, regarding the fact that you have introduced a new broadcast service known as LPFM. I understand that this could take priority over current FM translator service and could force K-Love off the air.

I would like for you to know that I love this radio station and would be disappointed if I could no longer get this station in my area. This is an excellent radio station - one that unites everyone listening to it from all over the United States.

I also like the fact that when I travel, I can pick this station up and it is familiar to me.

Please do not allow this station to be forced off the air by giving LPFM a priority over FM translator service.
